# EYES INJURIES & PREVENTION

THE THREAT

**DUST**

Dust in your eyes can cause dryness and irritation.

**FLYING OBJECTS**

When using tools like a grinder or a hammer, your eyes may come in contact with fast travelling metal shards or nails

**UV RADIATION**

Looking directly into an arc welding light can cause damage to eyes

THE TARGET

**USEFUL TIP**

Wear personal protective equipment eyewear that best suits your work conditions at all times.

THE SOLUTION

**DUST GOGGLES**

Can protect eyes from dust particles

**WELDING HELMET**

Protect eyes from harmful UV rays caused by arc welding

**VISOR**

Eyes and face will be shielded from harmful projectile objects

**PENCAPAIAN ZERO KEMALANGAN LTI**
